57 There is no way in hell antifa or blm organizes the same time. I just cant see it. They are dumb, but are they that dumb? Maybe if they believe they have complete police protection from a mob of 1 million + pissed off patriots. But even then there will be no standing room and nowhere to hide or regroup. Cockroaches scurry and hide when exposed to light and seek like-company.

ISTR it *used to be* under federal (congress?) control. But as with almost all of our "representative" government, control was handed over to bureaucrats. Doing so is a great way for our "representatives" to avoid risk and/or responsibility.

They will. It's not dumb.

They will organize with a joint purpose to distract our people from getting to the capital building. Literally in their handbook.

We all must continue to the capital building without delay. Don't fall for their bullshit. Don't stop for cops.

In fact, have small numbers of people purposely and temporarily stop for the cops and keep them *very very busy* before another wave distracts the cops with questions and complaints.

The Leftists have long since figured that out and yes the police know they are doing that on purpose but there it is. A small handful of people can keep a large group of police very busy while 1 million others just wash on by.

▼ MAGA Upvotes: Leaving behind stragglers to get shitkicked has easily been our biggest ongoing failure and at this point they absolutely plan for it, they know it, they get their 'Gimme' beatings on Patriots and even plan how to blow their heads off.

I've wondered when someone would bait them with a small group or some stragglers while a larger group waits to lay the mother of all shitkickings on the hyenas.

Seriously, i can believe i haven't seen that yet. It's irresistible to these AntifaBLM types too because they just cannot resist ganging up and cruelly torturing a weak or lone Patriot. Even if they KNOW it must be a trap they can't stop themselves, like junkies to drugs.

▼ Here's something these people don't understand. God is who conservatives fear, not them. But even that becomes nullified when pushed to the edge. In every video I've seen of anqueefa getting beat up, it's always another conservative coming to their rescue. But this doesn't wholly come from some charity. In truth, those conservatives are saving themselves from what they may become. Eventually, however, that fear of regret becomes overshadowed by the fear of *what will* become..... ▼ Not True. I know what it is to be under water. I have been couple times in my own life. If that is really your situation, than it may be better for you to stay at home and get all your family to pray together several times each day for our cause in DC. The city capital protests are fine, but thats not what Trump asked us to do. He asked us to go to DC on the 6th! But- Especially if you have any health struggles, please stay safe. Prayer is the most powerful weapon that exists. Please offer that for the cause. Dont put your health or finances at risk. Trump would never want that.

“Prayer is the most powerful weapon that exists. Please offer that for the cause. Dont put your health or finances at risk.

You're risking your health and finances if you do nothing (and 'prayer' isn't something) and even worse you're risking the health and finances of your neighbors, friends and family.

The quibble I'm having with you is the cowardly "Don't Risk". You'd damn well better RISK your physical health, your social standing, your money and you'd better start now.

Now, IF you're talking about someone who has severe health problems, heart issues, etc then no, they should not ensure they probably die of a heart attack by physically marching and battling.

IF you are talking about someone who is down to buying minimal food for the family or a bus ticket then no, they should not become homeless or hungry just to be there.

HOWEVER: If you're telling me about another one of these prayer-excuse faggots who wants to claim they did the **most powerful thing** and didn't risk any of their material things then they can go fuck themselves.

let me say it again: The ones claiming to be the most powerful prayer warriors as a faggot coward excuse not to risk THEIR precious material things can go fuck themselves and they can remember to be 'prayer warrioring' when AntfiaBLM takes their material things and ruins their physical health and deserves it.

I said Trump wants us in DC, not local Capitals on 6th. that it would be best to stay home and pray for all in DC rather than risk their health going to Capital when Trump wants us in DC. 10 🇺🇸 **Here is something you can do if you can't go to DC but want to help:** 🇺🇸

.  
**I made two designs for stickers or signs that you can print out and post in public to help get more people to come to DC on the 6th:**

.  
🇺🇸 TRUMP WON THE ELECTION! 🇺🇸 - Come Help STOP THE STEAL - January 6th, 2021, Washington, D.C. - "Be There, Will Be Wild." - [www.TheDonald.win](http://www.TheDonald.win) (Make STICKERS With This And Spread The Word So More People Come!) 🙌🇺🇸

🇺🇸 America Will Not Be "Reset" - America Will Be REBORN 🇺🇸 - 1776 Will Commence Again! January 6th, Washington, DC - "Be There, Will Be Wild." (GRAPHIC TO MAKE STICKERS TO SPREAD THE WORD! Plaster These Everywhere!!!) 🇺🇸👁️

<https://thedonald.win/p/11RNy6d3DU/-america-will-not-be-reset--amer/c/>

.  
**Also, here is a thread with more than 100 more signs, bumper stickers, and business cards I made about topics like TRUMP, TheDonald.win, Anti-Fake News, Stop The Steal, Anti-Voter Fraud, Anti-Biden, and Anti-Lockdowns/COVID.**

<https://thedonald.win/p/11RNtMZzu6/-anybody-going-to-dc-on-january-/c/>

Some sources claim that she is a felon for "grand theft" (<https://www.chicksonright.com/blog/2020/06/10/bevelyn-beatty-in-viral-video-this-black-lives-matter-thing-is-a-cult-i-will-never-bow-to-black-lives-matter/>):

“ Bevelyn Beatty is a felon who was sentenced to five years of probation for grand theft. This was a reduced sentence for her actual crime of money laundering.

And in this video she seems to be wearing a gold chain or similar. And then she has a charity with a large "make a donation" button. It seems really off.

Did you watch the video embedded in the very same link you posted? She explains her charges. She never said she was an angel in her prior life -- and frankly, neither did Trump. Do you support him? People change. And if they've found Christ, they will change drastically (or they've not truly sought to do so).

spez: I don't claim to know her finances currently. Maybe she is livin' large on donations or via her business. Maybe that chain is not something recently purchased. I get your point regarding the bling but use your judgement and don't donate if you think she's hustlin. I personally think she's not hurting because she's become well known or if she is hurtin for \$\$ she doesn't actively shill for more.

Since when did Trump steal and launder money and go to prison??? And how can you be certain that it really is her "prior life", and that she isn't just pretending to do so?

The notes I make are completely relevant, and yet you rail against me. Why are you against me sharing that information and raising those issues despite these issues beyond any doubt being 100% relevant? Why seek to hide and downplay it?

People are willing to do many things in order to get funded. And "homeless encampments"? That... is not really that special.

“ [...] has been arrested in service of her patriotism, [...]

Point, but weird that she was arrested for it.

“ [...], has been stabbed!

Yeah, I must acknowledge that part is definitely significant, especially that she continues afterwards (though for which motives I do not know). The video showing it is really strange, with Bevelyn Beatty charging forward, pulling (in someone's hair?) and punching. See the very beginning of <https://www.youtube.com/watch?v=YP9OMbevpul> . That said, that still does not at all justify a stabbing (was the stabbing done with a glass bottle? I am not certain from what the video says). Was she attacking or defending herself or someone else? Or what was going on before-hand?

“ If she is simply shilling or scamming, she sure is doing it at great personal cost. ✓

The main argument as far as I can see is that she continued after the stabbing. But that whole

episode seems strange. Why not use mace or stand your ground and defend yourself? Why

Why shouldn't your past be held for and against you? Of course it should! Just like your later actions should be held for or against you depending on them.

That assumes genuine atonement and a genuine desire to seek genuine, meaningful forgiveness. And genuine forgiveness can be incredibly difficult to achieve.

“ Im referring to how God will not hold our past against us should we put faith in our Lord and Savior and genuinely change, [...]

But that is not what you wrote, you wrote: *"I can only imagine how bad a lot of us would seem to others if our past was held against us, [...]"*, which is about others. And your past should definitely be held both for and against you, just like your later actions should be held for and against you. Did you genuinely repent and seek genuine, meaningful forgiveness? Then that should be held for you. But the worse things one did, the extremely much more difficult it is to genuinely repent.

“ I have as well, and there are many people who have done terrible things who have turned a new leaf after coming to Christ so I wouldn't hold their past against them.

But this is different from what you wrote previously in your comment. And again: Of course your past should be held for and against you! Just like your later actions should be held for and against you.

“ I have as well, and there are many people who have done terrible things who have turned a new leaf after coming to Christ so I wouldn't hold their past against them.

And how many of those genuinely repented and sought genuine and meaningful forgiveness? And how many didn't? Saying "I'm totally repenting" (and then possibly continuing the wretchedness and evil, possibly masking it better) is not at all genuine repentance nor meaningful.

.....No. I have been following Bevelyn for a long time. The left HATES her.

Yes, she used to live in sin. She used to cheat, sleep around, end up in prison, etc.

She has spent the past few years shouting outside of abortion clinics EVERY SINGLE WEEKEND. She has come to know God and has been made completely new. She also does NOT accept personal donations.

I would usually be skeptical as well, but just want to assure you that Bevelyn is completely trustworthy. She is the one who made me realize, through Christianity, that it's time to pick up my sword and fight for this nation.

I am pretty sure I have some friends of friends who know Bev, and she was at the same birthday shindig at a local pub with our group a few years back! She looks so incredibly familiar. I am not trying to clout-chase I promise, haha!

Anyway you may have a point there about Charlotte. I don't know, never spent a lot of time there tbh. I usually went down for concerts, until they killed Tremont (SO SAD) If you've ever seen the show on TLC i think it is (my 400lb life or something is the title maybe?) I am decent friends with Buddy! He's pretty well known in GSO and CLT. Anyway... from 5 years ago, to now, Charlotte really has blown up into a BIG city or the makings of one (mini ATL they call it right?) I remember coming back after like 3 years and being fucking stunned by all the growth and being lost and seeing cool shit I liked had disappeared or moved.

4 Never has.

▼ But we know that now. And that knowledge is the greatest thing Trump gave to America. For 4 years he suffered the slings and arrows so we could see our enemy. Understand them and their tactics, strategy and infrastructure. We know how these subversives tick now.

We go into the 6th with the fog cleared.

Patriots can't get the book thrown at them in court in dc if it's taken over. The police can't impose their will if they're outnumbered and outgunned and demoralized. And corrupt politicians can no longer throw us to the wolves if we stop acting like sheep.

She wasn't supposed to lose. The left has no game plan. This is all or nothing. Defeat is not an option.

This will be as painful as the swamp wants to make it. No one wants innocent life lost but there are those who need to be made examples of who are NOT innocent. This nation has forgotten where it came from, the price of freedom, and price of apathy.

No more apathy. No more tyrants and traitors. No more half measures. No more fancy parties. Time to maga.

That's because very few people speak the actual TRUTH.

For example, when "Christians" say Jesus said to put down your sword, he only said that because he knew it would mess with the plan for him to be crucified. After he was risen again, he told all Christians to pick up their swords.

1 Oh really? I thought it was two black people...where did you hear that? (I know Muslims can be black...but I never heard her mention that),

Not that I'd be surprised...

1 They were black but she stated this on the announcement video when she said she was stabbed. She tried converting them to leave the old white man alone but they said they don't worship Jesus but are Muslim. She tried to reason with them still but then they teamed up on her and stabbed her like 3 times.

4 ANTIFA stabs people, and get the charges dropped, yet I get called a 'glowie' for saying folks should be up there armed.

When I say that, it's to prevent shit like this. Your second amendment rights, and rights to defend yourself SHOULD not, and WILL not be invalidated just because it's capitol hill.

Bring protection, do NOT become an easy target.

4 ▾ "You have no excuse" except, you know, living on the opposite end of the country, with sick family members that can't just be up and moved, and no funds to travel just to stand around outside for a day. And work. But other than that, though, no excuse.

0 ▾ You wont have a job next yea if Biden is installed. He wants 100 day lockdown off the bat. Your sick family members will get even worse when you cant pay the bills and their isolation gets worse stuck indoors for over a year.

It's as simple as that. Stop making excuses. You need money? Start a quick crowdfunder and pedes will have a whip round. This is the last stand. If you pussy out you will never forgive yourself.

0 ▾ Sorry, but I can't tell the sick family member "Hang tight! I need to go clear to the other side of the country for a couple days to walk around! It's for your future, okay? Try not to die without supervision." and if I call in to work like "Hey, I need to go protest for Trump so that Biden doesn't take my job, I'm out for a couple days, okay?" they'll be like "don't worry, you don't have one"

There are *lots* of legitimate reasons why people can't and won't make it to the protest. If you think everyone can drop everything and run around to protest on the off chance that *maybe* a large crowd will do something *this* time, you're being delusional.

1. Take a sick day at work. Say you have a COVID scare and you are being responsible. Job done.
  2. Get a friend or family member to check on your sick relative for the few days you are away. Or pay a carer. Need money - start a crowdfunder today. Job Done.
  3. If you are not willing to drop everything for the future of a free Republic you are part of the problem.

Why are you even on here? There will not be a next time if we dont fight on Jan 6 in DC. This rally - it is a last stand against a Communist coup. Get your head in the game or fuck off. ✓

2 - I do not have one, and nor do many others. Nor should people be forced to trust carers who are known to harm and neglect the people they're paid to watch, so that they can go run off and run around all day protesting.

3 - Understand that there is more to supporting Trump than appearing in one march, and attacking your allies because "hurduurr there's no excuse" when in fact there are *many* valid excuses why people can't show up does no good for anyone, it just makes you look stupid.

Y'know what, I'm going to be frank. What is going to happen on Jan 6 is going to happen regardless of if there's anyone in DC. Straight up. *Maybe* a large crowd protesting *could* influence people in congress v if there were nobody around, there is a *chance* that could happen, yes. People screaming "STOP THE STEAL!" outside will not change the minds of people bought off by China. Protests outside of buildings *never* change the minds of the lawmakers inside, they just disdain them from the windows and do what they were going to do anyway. People making phonecalls and contacting reps and senators *now* is what matters, and then those reps, senators, and Pence are the ones who will influence it.

But let's assume for a moment that this one time, in all of the history of protests, it will actually matter. Trump is so popular that it's entirely possible the city may actually be totally clogged with people who support him to a level that the members of congress and the senate who haven't dug in their heels get spooked or inspired into voting Trump's way - he got 75 million votes from legal voters, and way more people than that support him who didn't vote or couldn't vote - in that case, one single person who can't make it will make 0 difference. This desperate "If you can't make it to this protest for literally ANY reason, you're a communist personally trying to undermine our republic!" attitude is a defeatist one that assumes the crowd will be so small that people who just can't make it will be missed.

Why am I 'here'? Because I support Trump, I want him to win this, and it's infuriatingly obvious that Biden and others are attempting to forcibly steal this election away from the American people for extremely nefarious reasons. Shockingly, I can do all that and still not be able to go to a single protest. *Which is what it is*. It will never be anything more than a protest, whether it's successful or not, whether it's credited to the end decision or not, it is nothing more than a massive protest, not a gathering of war, no matter what LARPer on the internet claim.

▼ Jan 6th is not a rally. It's a cold war going hot.

Fine. Make your excuses. But when this is all over we will remember those who cucked out.

1 It's all good. He's doing better and we are 9 months into a 36 month treatment plan. But with a  
▼ compromised immune system, he can't go to school/daycare so it's been tough to handle the day to day stuff.

We are a fever away from having to spend a week in the hospital and fevers pop up randomly.

I'd be there in a heartbeat but I gotta be here for a bit.

1 I think and pray for children who have cancer all the time. I've never had cancer (or a child who has  
▼ had cancer), but I always think about them when others disproportionally blow up stuff about Covid. Or allergies. Or whatever. Small problems.

Really puts your problems into perspective when you realize innocent children have cancer.

I wish I lived near you so I could help!
